

LINDA HOWARD

Ms. Howard is currently the Director of Planning & Programming for the Texas Department of Transportation (TxDOT) Aviation Division. She has been with TxDOT and its predecessor agencies, the Texas Department of Aviation and the Texas Aeronautics Commission for almost seventeen years, primarily involved in airport system planning and general aviation airport planning and programming. Ms. Howard is responsible for development of the Texas Airport System Plan and the Texas Aviation Facilities Development Program. Prior to her employment with the state, Ms. Howard worked in the private sector as an airport and environmental planner for over twelve years. Ms. Howard received her Bachelor of Science degree in Environmental Studies from St. Edward's University and her Master of Science degree in Community and Regional Planning from the University of Texas at Austin. She is also a member in good standing of the American Institute of Certified Planners.

Ms. Howard is the chair of the Transportation Research Board Aviation System Planning Committee and an active member of the Committee on Intergovernmental Relations in Aviation.
